Dear Mark McGovern, -
My name is Peter Squires, and I live at 57 Fairmont Street, in Cambridge. I am writing to express opposition to the proposed resolution to end contracts with Hewlett-Packard in connection with its business relations with Israel. Far from promoting peace, this resolution is an attempt to tie the legitimate aspirations of Arab Palestinians to an attempt to undermine and deligitimize Israel. As we have seen for the past 70 years, this has resulted in consigning those Palestinians into limbo, which cannot end without a long overdue universal recognition of Israel's right to exist within secure borders.
Instead of supporting counter-productive resolutions such as this one, the Cambridge City Council should support the effort of many within Cambridge and throughout the world who are working to achieve peace and fulfilled aspirations for all.
